

Photography Scout - Quick Start Guide

Get Started in 5 Minutes!

Photography Scout helps you discover amazing photo locations tailored to your preferences. Here's how to use it:

Step 1: Fill Out the Form

Required Information:

1. **Base Location** - Where you're traveling (e.g., "Yosemite National Park")
 2. **Photography Genre** - Select "All Genres" or choose specific types
 3. **Trip Distance** - How far you'll travel (10-500+ miles)
 4. **Maximum Hike** - How far you'll hike (1-10+ miles)
 5. **Trip Duration** - Length of trip (1-30+ days)
 6. **Planning Month** - Select ONE month for your trip
-

Step 2: Submit & Wait

1. Click "Scout Photography Locations"
 2. Wait 30-60 seconds for AI analysis
 3. Results appear below the form
-

Step 3: Review Your Results

Your report includes:

Trophy Locations

Famous, must-see photography spots with detailed tips

Hidden Gems

Lesser-known locations for unique shots

Climate Information

Weather patterns and best shooting times for your selected month

Suggested Itinerary

Day-by-day plan (includes rest days for trips over 10 days)

Safety & Considerations

Important local information, permits, and precautions

Step 4: Export Your PDF

1. Click “Export PDF” button (top right of results)
 2. Browser print dialog opens
 3. Select “Save as PDF”
 4. Filename will be your location name
 5. PDF includes PhotoEditHelp logo and all results
-

Quick Tips

✓ **Start with “All Genres”** for comprehensive results ✓ **Select only ONE month** (not multiple)
✓ **Be specific** with location names ✓ **Consider your fitness** when setting hike distance ✓ **Save multiple PDFs** to compare different searches ✓ **10+ day trips** automatically get rest days in itinerary

Common Use Cases

Day Trip Planning

- Set trip distance: 10-50 miles
- Set duration: 1 day
- Select specific genres

Week-Long Adventure

- Set trip distance: 100-200 miles

- Set duration: 7 days
- Select “All Genres” to explore options

Extended Expedition

- Set trip distance: 200-500+ miles
 - Set duration: 14-30 days
 - Rest days automatically included!
-

Example Search

Input: - Base Location: Iceland - Genre: All Genres - Trip Distance: 200 miles - Max Hike: 5 miles - Duration: 10 days - Month: September

You’ll Get: - 5-10 Trophy locations (waterfalls, glaciers, etc.) - 5-10 Hidden Gems (lesser-known spots) - September weather patterns - 10-day itinerary with location assignments - Iceland-specific safety information

Troubleshooting

Results take too long? - Check your internet connection - Try a more specific location

No results appearing? - Verify all fields are filled - Try a different location name - Refresh the page and try again

PDF not downloading? - Ensure pop-ups are allowed - Try a different browser - Use “Save as PDF” option in print dialog
