Tooltip Library

Complete tooltip and console-message reference for LUT Resampler v1.1.

Controls

Control	Tooltip
Colour squares	Set the viewport background: black, middle grey, or white.
START AGAIN	Clear the queue and image and reload. Confirmation required.
LOAD IMAGE	Load a JPEG/PNG/WebP as an optional preview surface.
LOAD LUT .CUBE	Load one or more .cube LUTs into the queue. Drag-and-drop accepted.
Load Queue item	Click to preview this LUT on the loaded image.
CLEAR STACK	Empty the LUT queue.
BAKE ALL TO 33^3 MASTER	Resample every queued LUT to a 33-point .cube and download.

Console Messages

Trigger	Message
Image loaded	SOURCE LOADED: name
Valid LUT queued	QUEUED: name (n^3)
Invalid LUT	INVALID .CUBE: name — BAD SIZE OR DATA
Non-.cube file	UNSUPPORTED: name
Queue cleared	STACK CLEARED
LUT baked	BAKED: name_33.cube
