

Prompt Management Workspace

Tooltip Library

Reference | Version 2.10

Top bar controls

Control	Plain description
Dark	Show the selected prompt on a dark reading backdrop.
50% Gray	Show the selected prompt on a mid-grey reading backdrop.
White	Show the selected prompt on a white reading backdrop.
New Data File	After confirmation when needed, clear the working collection and start with no groups or prompts.
Import CSV	Choose a compatible CSV backup and replace the collection after validation.
Export CSV	Save the complete prompt collection as a CSV backup. Choose the folder and filename in the Save As window where supported.
New Group	Create a named group for related prompts.

Prompt Stack controls

Control	Plain description
Search groups and titles	Filter the stack by group name or prompt title. Prompt body text is not searched.
Group name	Select the group and activate its first prompt when available.
Group count	Show how many prompts the group contains out of the maximum of 10.
Add Prompt	Create a prompt inside this group. Disabled when the group already contains 10 prompts.
Pencil beside group	Rename the group.
Bin beside group	Delete the group and all prompts inside it after confirmation.
Prompt title	Select this prompt and show its body in the main workspace.
Download beside prompt	Export this prompt as a Markdown file.
Pencil beside prompt	Edit the prompt title and body.
Bin beside prompt	Delete this prompt.

Main workspace controls

Control	Plain description
Export Prompt	Download the active prompt as a Markdown file containing its group, title and body.
Copy Prompt	Copy the active prompt body to the clipboard.
Edit Body	Open the prompt editor for the active prompt.
Prompt Content	Read and select the full prompt body.

Group dialog

Control	Plain description
Group Name	Enter or change the name shown in the Prompt Stack.
Cancel	Close the dialog without applying the change.
Save Group	Create the group or save its new name.

Prompt dialog

Control	Plain description
Prompt Title	Enter the short name shown in the Prompt Stack.
Prompt Body	Enter the full text to copy or export. Square brackets may be used as reminders for text to replace manually.
Cancel	Close the dialog without applying the change.
Save Prompt	Create the prompt or save changes to it.

Messages and limits

Message or state	Meaning
0 / 15 Groups	The collection is empty. Up to 15 groups may be created or imported.
10 / 10	That group is full and cannot accept another prompt.
No Prompts Yet	The selected group is empty. Select Add Prompt.
Import rejected	The CSV failed validation; the current collection remains active.
New empty data file ready	The active local collection has been cleared successfully.
